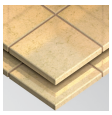
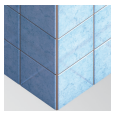
MN-75-11 Ball bearing tile cutters

Tile cutters with two steel flatness guides





Features & benefits

- Steel flatness guides guarantee maintaining parameters of straight tile cutting line
- Carriage on roller bearings does not require lubrication, which ensures smooth guidance of "cutting"
- Use of an appropriate angle and shape of the breaker allows you to achieve pressure during tile breaking of up to 240 kg
- Cutter wheel fi 14 mm provides fast cutting of hard gres tiles

Applications

- Intended for tile work carried out by tile layers undertaking work in smaller areas

Users

- Tilers
- DIY enthusiasts
