

R-S1-OC OC HEX SELF-DRILL SCREWS WITH WASHER

The special drill bit shape designed to provide quick and trouble-free installation in metal constructions made from cold formed sections

PACKAGING

FEATURES AND BENEFITS

Each packaging features two highly functional solutions: the Ziploc type re-sealable zipper and the sturdy upper packaging section. This allows for the bag to be opened and closed multiple times, provides for secure storage of products for a long time, and facilitates display by preventing the bag from folding.

Depending on the product type, and its weight in particular, the Rawlplug comes in two standard thickness versions. All this to ensure durability and strength of our packaging in transport, the highest quality of product display, and ultimately also long-lasting storage.

The bags are made entirely of low-density polyethylene, which makes them suitable for recycling and reduces the related purchase costs

A	(mm)	B	(mm)	C	(mm)	D	(mm)	E	(mm)	F	(mm)
65 X 130		80 X 145		95 X 165		95 X 220		145 X 220		145 X 290	

PRODUCT

FEATURES AND BENEFITS

Coloured polyester protective coating with a thickness of 45-50 um (RAL, NCS, RR), provides additional protection against corrosion. Various colours available to suit all metal sheet variants. UV stabilizers ensure colour quality over a long period of use.

Hardened surface of the thread (flexible core). Corrosion resistant zinc coating of thickness not less than 12 um. The shape of the thread and its height is closely related to the intended use of self drilling fixing into steel construction.

Self vulcanizing EPDM washer. Temperature and UV resistant. The special shape of the washer ensures proper seating of the sealing material on the outer cladding material fixture which guarantees a proper seal.

The drill bit is designed to provide quick and trouble-free installation in the steel. Sharp point of the drill prevents movement of the surface of the fixture.

BASE MATERIALS

Structural Steel

Metal Sheet & Profiles

APPLICATIONS

For fixing: Supporting and cladding
