

R-S1-WCB-F WC FIXING KIT LONG PLUG

Easy-to-install WC fixings giving exceptional performance in solid base materials

PACKAGING

FEATURES AND BENEFITS

Each packaging features two highly functional solutions: the Ziploc type re-sealable zipper and the sturdy upper packaging section. This allows for the bag to be opened and closed multiple times, provides for secure storage of products for a long time, and facilitates display by preventing the bag from folding.

Depending on the product type, and its weight in particular, the Rawlplug comes in two standard thickness versions. All this to ensure durability and strength of our packaging in transport, the highest quality of product display, and ultimately also long-lasting storage.

The bags are made entirely of low-density polyethylene, which makes them suitable for recycling and reduces the related purchase costs

A (mm)
65 X 130

B (mm)
80 X 145

C (mm)
95 X 165

D (mm)
95 X 220

E (mm)
145 X 220

F (mm)
145 X 290

PRODUCT

FEATURES AND BENEFITS

Complete fixing set allows quick and easy installation.

Anti-rotation fins prevent spinning during tightening of the screw.

Engineered grip feature for extra holding power.

Two-way expansion mechanism provides a strong anchorage in solid base materials.

Flanged nuts and collar sleeves made of high-resistant for ageing and chemicals material guarantee a long-lasting fixing.

BASE MATERIALS

Solid Sand-lime Brick

Concrete

Solid Brick

Solid Concrete Block

APPLICATIONS

WC installation

Washbasin installation
