

MN-90-032 Impact drill 600 W

Hammer drill 600 W with keyless chuck

Certificates (icon):

Features & benefits

- 600W drill suits all basic works
- Keyless chuck 1.5-13 mm allows you to use cylindrical drills and their replacement without any tools
- Rotational speed adjustment allows the user to set parameters of operation appropriate to the work being performed
- Option of drilling with impact and without impact depending of the type of substrate
- Change of direction of revolutions from right to left facilitates removal of drill from material and enables extracting screws and bolts
- Trigger lock enables continuous operation of drill
- Adjustable side handle with depth drilling limiter improves comfort and occupational safety
- A 3 m long cable provides the user freedom of operation without the need to move the power source
- Carrying case enables easy transport of and provides convenient storage space for the tool and all its accessories
- **Red Plug Service** guarantees quick repair of a broken tool though free courier shipment from and to the customer

Applications

- Intended for drilling with impact in light concrete, brickwork, bricks, stones
- Intended for drilling without impact in metal, wood or plastics

Equipment

- Depth limiter
- Side handle
- Carrying case

Users

- DIY enthusiasts
- Fitters
- Carpenters
- Electricians
