

RT-SDSG Granite drill bits SDS plus

Drill bits SDS plus for drilling holes in granite slabs

Certificate

Product information

Features and benefits

- The special conical shape of the tip allows drilling in hard granite slabs
- Very deep seating of carbide plate significantly improves connection with the drill core, which affects quality
- Aggressive grooves allow fast extraction of material and increase the drilling speed
- Steel with specification 34CrNiMo6 provides high strength and durability
- Heat treated, which increases the hardness of the steel to 52 HRC for optimal resistance during operation
- Extremely high quality, cylindricity and axial alignment of drilled holes, confirmed by international Sicher Safe certificate

Applications

- Drilling holes in granite slabs
- Suitable for operation with SDS plus hammer drill

Base materials

- Natural Stone (after site testing)
