

MN-03-170 Multi Storage System, organizer, 9 containers

Features & benefits

- The organizer is compatible with other Multi Storage System boxes.
- Made of polycarbonate, transparent and durable, impact resistant lid.
- 9 removable internal containers that can be hung on the wall.
- 2 sizes of inner containers.
- Reinforced ribbed construction made of durable plastic.
- Precise and strong side connectors to connect with other elements of the system.
- Durable polyamide lid fasteners.
- 14.3 liters capacity.
- The embossing on the lid adheres perfectly to the containers, securing their contents.
- Durable handle with the possibility of locking in the 90° position.

Applications

- A modular organizer for storing smaller items with easy access and insights into the contents without opening the lid.

Users

- DIY enthusiasts
- Mechanics
- Fitters
- Gypsum plasterers
- Road workers
