

MN-72-136 Stainless steel scrapper

Stainless steel scrapper with a two-component handle with a PH2 bit

Features & benefits

- Made of stainless steel, which provides corrosion resistance
- Blade, which is made of spring steel, provides elasticity while spreading mortars
- Ergonomic two-component handle increases work comfort and efficiency
- The PH2 bit embedded in the handle enables the protruding screws to be tightened without the need to use a screwdriver.

Applications

- Intended for applying and spreading construction mixes

Users

- Gypsum plasterers
- DIY enthusiasts
- Painters
- Tilers
- Fitters
