

MN-10-58 PH INSULATED SCREWDRIVERS

Professional VDE SLIM screwdrivers for electricians

Certificates (icon):

Features & benefits

- The fully insulated screwdrivers protect the user from electric shock
- The 3-component, contoured handles ensure the secure grip and convenient working of the screwdrivers
- The tips made of S2 tool steel are hard and durable, corrosion resistant and non-magnetic
- The VDE-certified insulation confirms that the screwdrivers have been tested in the laboratory accredited by the German Testing Institute VDE and meet the requirements of EN 60900
- The insulated tips in the SLIM version allow of work in hard-to-reach places
- The special profile of the handle makes it possible to work with the open-end wrench

Applications

- Intended for any work on electric installations

Users

- Electricians
- Fitters
- DIY enthusiasts
- Mechanics
