

MN-23-068 Insulation stripper

Cable stripping knife

Features & benefits

- Smooth adjustment of the cutting depth by means of an adjustable screw at the end of the handle allows you to work without damaging the internal wires
- The self-tightening blade holder ensures that the blade is guided securely
- The durable housing made of high-quality, wear-resistant ABS material
- The protective hood for the blade protects them against damage during transport and protects the user against injury
- The rotating inner knife for making round and length cuts
- A secure grip thanks to inserts made of soft components on the handle
- 2 outer blades - straight for precise and quick cutting of the insulation, hook-shaped for safe removal of the outer sheath
- A wide working range of Ø 8-28 mm, making it possible to strip all round cables

Applications

- Application during electrical installation works
- For stripping electrical wires

Users

- Electricians
- Fitters
- Mechanics
- DIY enthusiasts
