

# R-WW90II-XS1 Gas Wood Nailer - Carton Packing

High performance gas powered framing nailer for timber framing and roofing applications

Certificate  
CE

## Product information

### Features and benefits

- Nails range from 50mm to 90mm provides wide range of application
- Lithium technology alongside with energy saving features ensures high capacity and performance of the system
- Compact and ergonomic design allows the operator to achieve great accessibility and freedom of operation
- Low failure rate provides low running cost of the system
- Rear loading magazine with a capacity of 60 nails. Quick and simple to load thanks to one hand operation feeder spring. A safety clip at the rear prevents the nails from falling out and ensures safe reloading

### Applications

- Timber frame stud work in timber framing industry
- Installation of battens and sheathing in roof construction
- Manufacturing of timber standardised structure like Timber frame houses or roof elements

### Corresponding products

- R-DRK-V Ring collated nails with fuel cells and two types of valves in box - bright
- R-DPG-V Smooth collated nails with fuel cells and two types of valves in box - galvanized

### Base materials

- Wood
- Plywood
- Chipboard
- Timber

### Set includes

- R-WW90II Gas powered nailer
- 1 battery
- Charger base
- AC power supply cable
- Operating and Safety manual
