

# R-PDD18-70-XL2 Cordless Rawldriver 70NM, 18V

The 18V drill driver allows you to use a high torque of 70 NM to drive screws depending on the hardness of the material.

### **Product information**

### Features and benefits

- Powerful brushless motor ensures high efficiency of the mechanism and increases the life time of the power tool
- Rubberised, profiled handle increases grip and user ergonomics
- 16 + 1 positions of the clutch allows optimal selection of torque for driving of bolts and screws of different sizes depending on the type of substrate
- The single-sleeve 13 mm drill chuck makes it easy to install all accessories
- Planetary gear parts are made of high quality steel to increase the tool life-time
- Compact design and lightweight construction reduces fatigue during long-term use
- LED illuminates the work place to increase user comfort and safety

### **Applications**

- Timber constructions: tightening screws up to 6 mm
- Metal constructions: assembly of metric screws (up to M6)
- Frame pins and others up to 14 mm (e.g. FF1, 4ALL)
- Drilling sheets with a thickness of 2 mm to 10mm

## Corresponding products

- R-PTK Construction screw with wafer head and partial thread
- R-PVS Construction screw with countersunk head and full thread

### Base materials

- Metal Sheet & Profiles
- Stainless Steel
- Plastics
- Decking board
- Wood
- Chipboard

### Set includes

- R-PDD18-70 RawlDriver
- 2 x R-BAT-185001 Battery Li-lon 18V, 5,0 Ah
- R-CHR-186501 Charger 18V 6,5A
- R-RC-4414 RawlCase system box
- Manual user instructions
