

MN-23-062 Automatic wire stripping pliers 170mm 1-3,2mm²

The automatic insulation stripper for cables of various shapes and diameters

Features & benefits

- The rebound spring supports the return of the jaws to the starting position and makes it easier to work with the pliers
- The profiled 2-component handle provides a comfortable grip and work comfort
- The durable and light body made of zinc alloy makes the work of the pliers light and does not burden the hand
- The smoothly operating mechanism with a side grip allows for quick and precise stripping of the insulation to any length
- The blackened surface of the body provides additional protection against corrosion
- The adjustment of the stripping length guarantees high accuracy and repeatability of work
- The high-quality hardened steel knives guarantee durability and fast and effective insulation stripping
- The precision ground knives fit five very popular conductor cross-sections - 1.0, 1.6, 2.0, 2.6 and 3.2 mm²

Applications

- Application during electrical installation works
- For stripping electrical wires

Users

- Electricians
- Fitters
- Mechanics
- DIY enthusiasts
