

## MN-23-05 Wire stripping pliers 1000 V, VDE

Wire stripping insulated pliers 1000V, made of Cr-V steel

Certificates (icon):

**VDE**

### Features & benefits

- Pliers have insulated handles (certificate: VDE- IEC60900:2004), which permits their use with energised devices
- Tools made of high quality chrome-vanadium steel provide their long service life
- Two-component ergonomic handle enables perfect adjustment of the tool to a hand
- Special construction of jaws enables a distance adjustment with the use of locking nut
- Thanks to a specialised construction, it enables insulation dismantling from cables of diameter from  $0,5$  to  $6,00$  mm<sup>2</sup>

### Applications

- Intended for skinning single-core and multi-core wires
- Useful when you work with electronic and telecommunication equipment

### Users

- Electricians
- Fitters
- Mechanics

## Technical properties

| Index               | Length of pliers | Box   | Outer | Box weight | Outer weight | EAN           |
|---------------------|------------------|-------|-------|------------|--------------|---------------|
|                     | [mm]             | [pcs] | [pcs] | [kg]       | [kg]         |               |
