

MN-25-11 145-S adjustable pipe wrench

Adjustable pipe wrenches (type 145°-S) with hardened and ground jaws

Features & benefits

- Drop-forged wrench of chrome-vanadium steel which enables its durability
- Jaws of S type set at 45 degree angle provide a secure grip of the material held
- Powder-coating of a wrench guarantees its resistance to corrosion
- Solid ground jaws reduce slipping of the wrench
- Handle covered with non-slip rubber facilitates the work

Applications

- Intended for water supply and central heating system works

Users

- Plumbers
- Fitters
- DIY enthusiasts
