

MN-32-018 Mason's hammer - Rhine pattern monoblock

Mason's hammer (type R) with "monoblock" handle and non-slip grip

Features & benefits

- Metal hammer head and handle are made of the same forged steel element, inductively hardened (monoblock), which provides the highest product durability
- Resistant rubber handle with anti-slip coating provides a secure grip

Applications

- Intended for crushing bricks and breeze blocks, making channels in walls, forging, as well as for other construction works

Equipment

- Special holster to be attached to a tool belt

Users

- Masons
- Bricklayers
