

## MN-32-006 Carpenter's hammer with metal handle

### Carpenter's hammer with metal tubular handle and hammer head with magnet

#### Features & benefits

- Hammer handle is made of a metal pipe, which makes the handle light and durable
- Hammer head is equipped with a magnet that facilitates holding the nail to be struck.
- Hammer head is specially profiled to pull out nails more easily
- Resistant rubber handle with anti-slip coating provides a secure grip

#### Applications

- Intended for roofing and joinery, quick sticking and pulling out the nails, shoeing and for prising components based on the lever principle

#### Users

- Joiners
- Roofers
- DIY enthusiasts
