

MN-51-336 Offset combination wrench set 6 pcs

Set of 6 MaxxDrive offset combination wrenches of Cr-V steel

Features & benefits

- High-quality chrome-vanadium steel ensures long service life and strength of the tool
- Specially profiled eyelet offset angle allows you to work in poorly accessible areas.
- Manufactured in accordance with DIN 3113 which guarantees required workmanship of the product
- Satin and polished surface of the key protects it from corrosion
- Maxxdrive system ensures secure transfer of the maximum torque to the screw. It provides secure holding of removable components which facilitates unscrewing (tightening) of used nuts

Applications

- Designed for tightening and loosening of hexagonal screws and nuts, also in poorly accessible areas.
