

MN-81-11 Measuring tapes supreme

Automatically retractable measuring tapes supreme II class of precision

Features & benefits

- The meter meets the EU requirements acc. to II class of precision (measurement error may be equal to ± 0.7 mm per 2 m)
- Yellow steel tape is highly visible during measurements
- Special additional coat on tape extends its service life and reduces abrasion
- Three rivets fastening measuring catch connect them durably with the tape

Applications

- Retractable measuring tape is one of the most basic tools for each DIY enthusiast and building worker. Is irreplaceable for most construction and repair works

Users

- DIY enthusiasts
- Joiners
- Roofers
- Road workers
- Electricians
