

## MN-70-00 Levels, 2 vials

### Yellow levels with milled base and vertical and horizontal vials

### Features & benefits

- Aluminum profile guarantees corrosion resistance
- Two accurate vertical and horizontal vials with an accuracy of 1.0 mm/m assure measurement accuracy
- Powder-coated casing provides protection against scratches
- Milled base provides ideally flat surface that increases measurement accuracy
- Profile ribbings enhance torsional strength
- Profile thickness - 1.1 mm - assures higher bending resistance

### Applications

- Intended for construction works

### Users

- DIY enthusiasts
- Tilers
- Bricklayers
- Gypsum plasterers
- Plumbers
