

MN-73-372 Profi venice stainless steel float 200 mm

Professional rust-proof float 200 x 80 mm for structural plasters

Features & benefits

- Stainless steel blade, 0,5 mm thick, provides good elasticity and resistance to corrosion
- Chamfered ends allow you to spread mortar without leaving irregularities
- Thick aluminum grip stiffens the float along its entire length
- Two-component handle provides a strong and ergonomic grip
- Ergonomic handle shape ideally fits to the shape of the hand

Applications

- Intended for evening stucco and smoothing structural plaster

Users

- Bricklayers
- Gypsum plasterers
- Tilers
- Painters
- Fitters
