

MN-73-104 Profiled rubber float 80x230 mm

Rubber float 230 x 80 mm

Features & benefits

- Elastic rubber foam, which has been cut at a 45-degree angle, allows for the ideal distribution of the grout between tiles
- Rubber thickness - 10 mm - assures an even distribution of mortars
- Made of hardened material, which assures the stiffness of the product during work
- Ergonomic handle enhances work comfort

Applications

- Used for grouting tiles and terracotta

Users

- Tilers
- DIY enthusiasts
- Masons
