

MN-05-908 Stretch film 100mm/225g with handle

Universal (transparent) stretch film with handle 115 mm x 100 m

Features & benefits

- Revolving handle facilitates unfolding
- High tensility of the foil increases elasticity up to 150%
- Stretch film wrap increases abrasion resistance
- Thickness of 23 microns assures very high tensile strength
- Transparent layer facilitates light transparency

Applications

- Intended for protecting items against abrasion, scratching, denting, breaking

Equipment

- MN-05-909 Stretch film roll

Users

- Warehousemen
- DIY enthusiasts
- Painters
- Roofers
- Road workers
