

MN-63-069 Knife for mineral wool 340 mm

Single-edged knife for mineral wool made of CrMoV steel

Features & benefits

- Stainless steel blade guarantees resistance to corrosion
- Ergonomic handle improves the effectiveness and enhances the comfort of work
- One-sided blade with a special shape of a tooth allows you to cut thick wool
- Blade made of CrMoV15 alloys, which maintain the special shape of the tooth, does not require sharpening
- Thick blade of a height of 50 mm maintains stiffness while cutting thick and hard mineral wool

Applications

- Intended for cutting thick mineral wool

Users

- Roofers
- Fitters
- Bricklayers
