

MN-06-099 Safety glasses

Transparent glasses with adjustable temples

Certificates (icon):

Features & benefits

- Polycarbonate lenses are resistant to scratching and all mechanical damage
- Side-shields protect against lateral splinters of the processed material
- Adjustable temples allow you to adjust proper width of the glasses according to the user's needs
- Openings in the temple tips allow you to attach an eyewear retainer to the glasses
- Polycarbonate lenses make the glasses ultra light and protect the user against UV radiation

Applications

- Intended for protecting the eyes against splinters from processed materials

Users

- DIY enthusiasts
- Mechanics
- Locksmiths
- Tilers
- Joiners
