

MN-64-09 Axe, wooden handle

Axes made of forged and hardened steel with wooden handle

Features & benefits

- · Working part is made of forged steel and it is inductively hardened, which increases resistance to flattening
- Sleeve and wedge prevent the axe head from slipping off the handle
- Ergonomic wooden handle increases work comfort
- · Ash wood makes the handle both hard and resilient and ensures its long service life

Applications

• Intended for processing and chopping wood

Users

- Gardeners
- DIY enthusiasts
- Roofers
- Joiners
