

MN-15-50 Bit set 25 mm

Sets of 6 bits, 25 mm long, made of S2 steel

Features & benefits

- High quality S2 steel increases service life and allows you to use a greater number of screws and fasteners
- ACR system and the corrugated head of the bit facilitate handling of the screw during work
- 55-58 HRC steel hardness increases resistance to torsional stresses while screwing and extends the service life of the product

Applications

- Intended for screwing the screws into wood, drywalls and other fastenings with Philips, Pozidriv, Hex, Torx sockets
- Intended for use with a cordless drill and driver

Equipment

- 6 pieces of bits 25 mm
- 1 bit adapter 60 mm

Users

- Roofers
- Gypsum plasterers
- Electricians
- Fitters
- DIY enthusiasts
