

## MN-79-09 Mixing paddles type F for mixing large quantities of loose construction materials

### Mixing paddles type F with mixing blades for mixing very large amounts of loose construction materials

#### Features & benefits

- Mixing paddle type F with a distinctive shape and arrangement of the mixing blades is perfect for mixing very large amounts of loose construction materials
- Mixing blades with a large cross section does not bend while mixing
- Thick bottom ring increases the resistance to abrasion and extends the service life of the mixing paddle
- Accurate large welds increase the resistance of the mixing paddle during work under high load
- M14 grip enables the use of the most popular mixers available on the market
- Direction of mixing, around the mixer axis, allows you to mix large amounts of loose construction materials precisely and accurately

#### Applications

- Intended for mixing large amounts of adhesives for tiles and insulation systems, structural plasters and mortars

#### Users

- Bricklayers
- Gypsum plasterers
- Tilers
- Fitters
- DIY enthusiasts

#### Corresponding products

- MN-90-104 Mixer 850 W
- MN-90-105 Mixer 1400 W
