

MN-68-601 Shank mounted grinding stone set

Set of 5 shank mounted grinding stones for grinding aluminum and steel

Features & benefits

- Various shapes of stones allow you to grind in hard-to-reach places
- 6 mm shank allows you to use them with most drills and straight grinders on the market

Applications

- For grinding steel, aluminum and other non-ferrous materials in hard-to-reach places
- For preparing surfaces for welds, for their final processing and deburring
- For sharpening cutting tools
- Intended for using with a drill and cordless drill-driver

Equipment

- 3 conical grinding stones
- 1 spherical grinding stone
- 1 cylindrical grinding stone

Users

- DIY enthusiasts
- Locksmiths
- Tinmen
- Welders
- Mechanics
