

MN-69-1 Set of brass-coated steel wire cup brushes

8-component set of wire brushes for drills

Features & benefits

- High-quality wire increases brush durability
- Brass-coated crimped wire with a thickness of 0.35 mm allows you to grind finishes
- Inner hole 22.23 mm allows them to be used with most angle grinders on the market

Applications

- For precise grinding steel and non-ferrous metals
- Finishing corner and edge grinding
- For removing rust, paint and paint finishes in hard-to-reach places
- Intended for using with a drill and cordless drill-driver

Equipment

- 5 wire brushes in various sizes
- 3 mounting shanks
