

RT-GS-U Universal glue sticks

Universal glue sticks for bonding the majority of commercially available materials

Product information

Features and benefits

- The diameter of 12mm allows the adhesive to be used in most adhesive guns available on the market
- Short curing time, 30-35 seconds, allows for quick work
- The length of 200 mm allows for a longer operating time on one glue stick
- The length of 100 mm allows gluing in hard to reach places
- Transparent adhesive allows applying in many areas
- Does not emit odor while working
- Resistance to temperature of -5°C enables operation at low temperatures
- Operating temperature of 170-210°C

Applications

- Universal glue sticks for bonding the majority of commercially available materials

Corresponding products

- RT-GG-055 Glue gun 55W
- RT-GG-080 Universal glue gun 80W
- RT-GG-180 Professional glue gun 180W

Base materials

- Cardboard
- PVC Profile
- Wood
