

MN-03-218 Leather tool belt

Leather tool belt reinforced with rivets

Features & benefits

- Made of real leather, which makes it resistant to abrasion and other mechanical damage
- Linkings are reinforced with rivets which enhance pouch durability and service life
- Open pouches provide quick access to tools and accessories in a workplace
- 10 different pouches provide transport of different materials, e.g. hammers, pliers, measuring tapes etc.

Applications

- Intended for transporting hand tools that have to be on hand

Users

- Joiners
- Roofers
- Electricians
- Fitters
- DIY enthusiasts
