

MN-06-212 Polyester latex palm-coated gloves

Seamless gloves coated with latex

Certificates (icon):

Features & benefits

- Made of thin polyester yarn which enhances grip precision
- Seamless cut protects the skin against irritation
- Coated with crinkled latex which increases their abrasion and tear resistance
- Gloves end with the drawcord which prevents them from slipping during work

Applications

- Intended for works that require precision: mechanical, transport, service, construction

Users

- Electricians
- Road workers
- Tilers
- Fitters
- Varnishers
