

MN-06-220 Polyester latex palm-coated gloves

Polyurethane-coated polyester gloves, resistant to abrasion and tear

Certificates (icon):

Features & benefits

- Made of thin polyester yarn which enhances grip precision
- Seamless cut protects the skin against irritation
- Coated with crinkled latex which increases their abrasion and tear resistance
- Gloves end with the drawcord which prevents the gloves from slipping during work

Applications

- Used for precise jobs

Users

- Electricians
- Road workers
- Tilers
- Fitters
- Varnishers
