

## MN-30-00 Traditional locksmith's hammers

### Universal hammer made of ground forged steel

### Features & benefits

- Hammer head made of forged steel, additionally ground, inductively hardened, which increases its durability and aesthetics
- Beech wood handle protected with a simple wedge prevents falling out of a hammer head

### Applications

- Intended for all types of easy works (sticking, tapping, straightening out etc.)

### Users

- Joiners
- Roofers
- Road workers
- Electricians
- Gypsum plasterers
