

R-SL-BUD-EN Building Silicone

Construction silicone - One-component, elastic sealant with neutral curing system.

Product information

Applications

- · Filling elastic expansion joints
- · Filling joints behind window and door frames
- Sealing of prefabricated elements in construction
- Sealing of metal coolers, containers and tanks
- Connections between galvanized steel, brass and other metals

Features and benefits

- Highly and permanently elastic sealing properties
- Very good adhesion to most building materials.
- Durable seal (completely resistant to weathering and UV radiation)

Base materials

Approved for use in:

- Glass
- · Metal Sheet & Profiles
- Stainless Steel
- Glaze
- Masonry
- Concrete
- · Aerated Concrete Block
- Plastics

Installation guide

- 1. The surface, that silicone will be apllied on, should be clean, free of dust, grease, rust, remains of old seal and other substances that might weaken the cohesion.
- 2. Prior to application of silicone protect edges with masking tape
- 3. Cut the tip of the cartridge, leaving part of the thread. Screw the applicator on to the thread, then cut at the required angle to give an aperture width suited to the joint.
- 4. Use manual or pneumatic gun applicator.
- 5. Applied silicone may be smoothed with a spatula or similar tool. Moisten the spatula first in special wetting agent or detergent solution.
- 6. The silicone hardens by reaction with moisture from the air, so ensure well-ventilated conditions.
- 7. After completing the application, wipe tools with a paper towel and clean with solvent.

Technical Data

Parameter		Value	Methods	
Application temperature	-	+5 ÷ +40		
Coverage	-	18 linear meters of 4x4 mm joint per one 300 ml cartridge		
Thermal resistance (upon hardening)	-	-40 ÷ +180		
Pretreatment time	[min]	25		
Curing time	[mm/24h]	2		
Hardening system	-	one-component-crosslinking with air humidity		
Hardening type	-	neutral-oxime		
Density	[kg/dm³]	0.98-1.25		
Shore A hardness	-	20	SHORE A Method, after 14 days	
Ultimate elongation	[%]	510	ISO 8339, +23°C	
Shrinkage	[%]	15		
Allowable deformation	[%]	15		
Packaging	-	300 ml cartridge		
R-SL-BUD-01-EN				
Colour	-	transparent		
R-SL-BUD-02-EN				
Colour	-	white		
R-SL-BUD-03-EN				
Colour	-	grey		
R-SL-BUD-04-EN				
Colour	-	brown		
R-SL-BUD-07-EN				
Colour	-	black		

Parameter		Value		
Storage temperature	[°C]	+5 ÷ +35		
Storage	[month]	18		
Storage	-	In originally closed containers, in cool and dry places.
